PEOPLE WE APPRECIATE

Mrs. Beatrice Robinson, our dietician, is preparing a tasty lunch for the students and faculty of Carver. The lunch program has improved greatly since she came to us.

Mr. William Lewis, Sr., our custodian, works very hard to make the school a beautiful and comfortable place for us. His untiring service is indeed appreciated.

Class Poem

To Teachers, Friends, and Classmates
And all others who've been so dear
We reluctantly say to you, "Farewell,"
And shed a parting tear.

For Carver we are leaving
And though we should be glad,
Our hearts are torn with grieving
Yet why should we be sad?

Our work with you is ended,
But challenges rise anew;
Challenges that we must conquer
To be worthy of praise from you.

CLASS HISTORY

The history of this class is most unusual, in that the members have experienced various educational back grounds. Lend me your ears while I briefly relate to you the story of our class.

The graduates of this class entered Carver High School in 1959. Our understanding and helpful sponsors were Miss Billups, Mr. Wallace, Mr. Poole, and Mr. Evans. We looked forward to entering Carver for seven long years. This was an exciting year, for it was filled with both happiness and frustration.

After a tiring but joyous year of pains and problems, the majority of us were promoted to the ninth grade. In our freshman year the class was represented in the various activities: Band, Choir, N.F.A., N.H.A., football, baseball, and the Student Council. Our sponsors were Mrs. Cobbins, Miss Jones, Miss Reavis, Miss Billups, and Mr. Wallace.

Nothing unusual happened in our sophomore year. The class continued to participate in the various activities. However, it was during the sophomore year that many of our classmates ended their formal education. Still, the rest of us traveled on toward our educational goals. Our sponsors were Mrs. Wright, Miss Jones, and Mr. Wallace.

The Junior year was a great one. We were faced with a big event, the Junior-Senior Prom, which we had looked forward to ever since we were in the eighth grade. On the night of the Prom, which was May 4, 1962, Gloria Frye was crowned "Miss Junior." That occasion will always be one of the highlights of our high school careers. We were under the guidance of Mrs. Wright, Miss Baldwin, and Mr. Wallace.

Our senior year has been the greatest and most rewarding of them all. The class takes pride in the scholastic attainment of Clarence Washington, William Lewis, Franklin Taliaferro, Pauline Minor, and John Holmes. In sports this year, John Minor, Thomas Wilson, and Paul Arrington have excelled. Thus, the class has realized more fully the importance of an education and the necessity of living each day as if it were our last.

As we approach the completion of our high school education, the majority of us have many ideas for becoming leaders of tomorrow. We sincerely think that we have done our utmost to accomplish a portion of our destiny, and we shall strive to conquer more in the future.

SENIOR CLASS PROPHECY

Oh, mysterious powers from ancestors old, uncloud my eyes and visions unfold. Take a peek into the future, 1968, and discover the Class of "63's" fortunes and fates.

The future is coming nearer, but fast, and now I can see things clearly at at last.

I can see Alice Morton and Lorenzo Jackson living happily in their split-level home in Beverly Hills, California, after she has spent two years in the Air Force.

Effie White is now a Registered Nurse working for Ben Casey, giving all her attention to Carl Walker.

Gloria Frye has graduated from Fisk University as a seamstress and is making clothes for the faculty of Carver in order that they may have more fabulous wardrobes.

Joice Williams is now private secretary to Isiah Walker.

At last Naomi Jackson and Clarence Robinson have made up their minds! They are living happily in Springfield, Mass., where she now operates her own beauty salon.

Thomas Wilson, Andrew Johnson, and John Minor are favorite stars on the Green Bay Packers Football Team in California.

Finally, Ben Weaver can dance. He has started a dance in Madison known as the "Weaver Tap."

Franklin Taliaferro owns a Drive-In Theater in Culpeper, Va. It is known as "Do Drive-In."

When you want a good old southern meal, stop at "Gold Cup Boy" in Orange, Va. It is owned by Willa Stewart, and James Tyree is her professional cook.

Turning my crystal ball, I see Joanne Glenn being sworn in as First Lady in the White House.

Jacqueline Arrington is a Home Economics Teacher at Brentwood High in New York.

I can see Helen Gaither as Secretary to the Principal of Carver.

When you are in need of a competent doctor, look up John Holmes' office in Philadelphia. Next door to him, you will find the Menifee and Pollard Funeral Home, jointly owned by Clifford Menifee and Henry Pollard.

Johnson's school of Mortuary Science at 908 Deadline Road, Tombstone, Pa., is owned by Perry Wanzer, James Thompson and Johnnie Rogers.

Clarence Washington has just become President of the United States. His secretaries are Phyllis Jackson and Margaret Carter.

Martha Harris and Dorothy Strother have opened a beauty salon in Washington, D.C.

Carol Barbour, Alvis Frye, Jean Campbell, and Joan Humes are teaching a noisy group how to keep quiet. Their subject is "Keep Your Big Mouth Shut."

David Ferguson is now a P.E. Teacher in Conn. His main subject is "How to Become Tall."

Ray Goodall is Making his living selling pencils at Carver High.

Paul Arrington is now playing center field for the Dodgers.

Sharon King is married and she, along with her husband, is on a tour of France where she will teach English.

Lillian Gray has her own dress shop on Topsy Avenue in Philadelphia.

Shirley Holliday and George Winkey are the world's most famous dancers, now appearing at the Howard Theater in D.C. Appearing also is one of the world's famous singers, Franklin Henderson.

Can you imagine this? Doris Lewis has divorced Luther Hill. She is now married to another chicken shack owner in Madison County.

Irene Spotswood and Pauline Minor will soon receive Ph D's from The Sorbonne in Paris.

Ruth Burrell is touring the country these days lecturing on "What to do to get and hold a man."

Judy Gilmore is now traveling with her husband, John Holiday, who is in the army.

A space ship has just landed on Venus. I can see Professor William Lewis, a noted Biologist, and his assistant, Ann Brown, stepping out on the planet.

Joan Davis and Emmett Brown are married and are making their home in sunny California.

FUN-FILLED MOMENTS AROUND G.W.C.

ALMA MATER

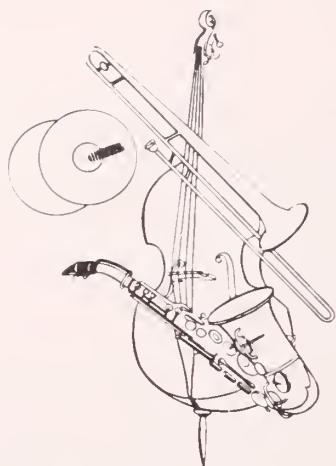

1. Carver High School! Carver High School!
Sing we now our song of praise.
Song of praise and adoration
With our voice now we raise.
Striving onward, striving upward;
Striving with a heart so true.
Carver High School! Carver High School!
We'll fore'er be true to you.
2. As we go to fight life's battle,
May we all thy teachings bear;
So that we may all work to be like he
Whose name thy front doth bear.
May we move upon life's road
To bear our hardships, trials too.
Carver High School! Carver High School!
We'll fore'er be true to you.
3. Carver High School! Alma Mater!
May we ever, ever be;
A great service to our nation
And a service to thee.
Still now wearing thy dear colors
Of maroon and golden hue.
Carver High School! Alma Mater!
We'll fore'er be true to you.

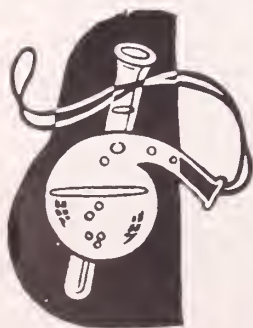

CODA:

Ever be true to you.

NEWSPAPER STAFF

The newspaper is a project to get the students interested in the art of newspaper writing. It also serves as a means of developing them in this field. It serves as a means of letting other students know what is going on around the school, and to get them to read more.

The newspaper is an educator, for it presents to us the drama of life. It informs the reader of the affairs of government so that he may be an intelligent citizen. It may offer articles designed specifically to tell the reader how to do something. A newspaper may serve as an entertainer as well as a promoter of community spirit.
